A highly motivated and detail-oriented front-end engineer with 2+ years experience, specializing in building scalable solutions with JavaScript. Driven by a passion for new technologies, committed to delivering exceptional code and continuous improvement.

Work experience

Software Engineer Associate | Nuru Solutions

Nairobi, Kenya | Jul 2024 - present

- Redesigned the company's website resulting in a 70% increase in closed deals.
- Developing a web application with React.js that integrates predictive models for stakeholders to visualize
- real time data and predictive analytics.
- Designing the data pipeline, back-end architecture and API's while actively working alongside a BE engineer.

Frontend Developer Intern | HNG

Lagos, Nigeria | Sept 2023 - Nov 2023

- Engineered dynamic user interfaces with React, enhancing data visualization and user engagement.
- Collaborated within a tight-knit, 3-member team to deliver a high-quality web application on schedule
- Transformed UI/UX wireframes and mockups into fully functional code, ensuring design consistency and responsiveness.

Incident & supplier manager Intern | Kkon Technologies

Lagos, Nigeria | Jul 2022 - Oct 2022

- Diagnosed and resolved over 1000 customer connectivity issues, significantly improving user satisfaction.
- Implemented remote installations of new customers OLTs using NOC app, streamlining service delivery.
- Trained junior technicians, contributing to a 20% increase in overall team performance and efficiency.

Education

Federal University of Technology, Akure | BTech in Computer Engineering

Nigeria | Jan 2017 - Apr 2023

Grade: First Class (CGPA: 4.53 / 5.0)

Key Concentrations: Embedded systems, SDLC processes, OOP in C/C#, Operating Systems, Data structures and algorithms

Academic Awards and scholarships:

- MTN Scholarship awarded by MTN foundation for outstanding academic performance (2018 - 2023)
- Federal Government Scholarship grant for academic excellence (2019 - 2023)

Volunteer Activities

Volunteer | Teens Launch Africa

Nigeria | Jul 2024 - 2023

- Delivered digital literacy training (computer basics, internet safety, software use) through group sessions and one-on-one support, increasing student tech proficiency.
- Maintained accurate attendance and progress records for 50+ students, enabling coordinators to track impact and optimize program delivery.
